

Thoughtz

Where great minds meet!

Think • Connect • Earn

“

Thoughtz, is an innovative real-time thought matching app that utilizes AI and blockchain to help you think up, express, connect and earn rewards for your thoughts.

Our Motto

To foster, enable, and cultivate connections amongst minds all around the world.

The Problem

No Instant Link Up

Connecting and talking to the right people at the RIGHT time is a challenge.

No Assistance

Finding the right expert for your needs is a time-consuming and arduous task.

Delay of information

Time – Rarest resource in the world.
Communication needs are changing
(Instant and real-time).

Lack of Incentivization / Monetization

Most social media platforms lack incentivization and monetization for sharing knowledge or expertise.

Middlemen / Commission / Fees

Users easily lose a fortune in commission/fees to middlemen and gig platforms.

Solution

Connecting and Sharing information at the speed of thought.

Incentivization and rewards.
Share to Earn.

The Human connection - Simple and Easy access to the people at the right time when you need it.

Mint and Sell your Thoughts as NFTs
(Own your thoughts).

Access to the experts worldwide directly.
No middlemen and zero fees on users.

Focused On Privacy, Security, and Ownership (We don't sell information to third parties).

Features

Thoughtmatches

Post thoughts and connect in real time.

Privacy

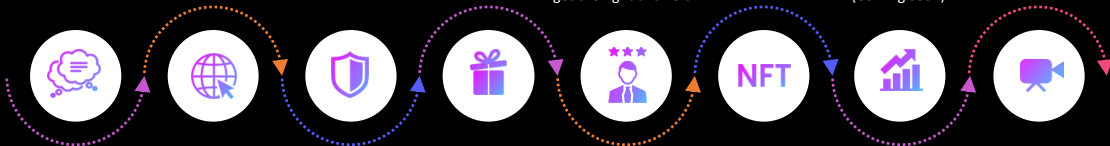

Chats are private and gets deleted after 24 hrs.
